FOR IMMEDIATE RELEASE | OCTOBER 20, 2026

Kyle Hermes to Lead TDI Packsys as President

TDI Packsys is pleased to announce that Kyle Hermes has been appointed President of the company and has joined Jon and Jennifer Hermes as part of its ownership team.

Kyle's appointment reflects the leadership role he has increasingly taken within TDI Packsys. Through his hard work, commitment to the company, and ability to lead both people and sales, he has earned the confidence of the ownership team and the respect of employees, customers, and business partners.

"Kyle has demonstrated that he understands our business, values our employees, and is committed to serving our customers," said Jon Hermes. "I am extremely proud of the leader he has become and confident in his ability to guide TDI Packsys into the future."

Jon will continue to be involved with TDI Packsys, stepping back from the day-to-day operations while focusing on strategic initiatives. The transition is a natural next step in the company's evolution and long-term succession planning. Kyle will lead the organization's daily operations and continue working closely with our team, customers, and partners.

"I am honored to take on this role and grateful for the trust placed in me," Kyle said. "TDI Packsys has a talented and dedicated team, and I look forward to building on the company's strong foundation while continuing to grow and improve how we serve our customers."

TDI Packsys will continue to operate with the same commitment to its employees, customers, and business partners that have guided the company throughout its history.
